

iParty Pix

Interactive Photo Entertainment

Bring the photo booth out of the clubhouse and into the action with iParty Signature Events' mobile Photo Roamer. Our on-the-course roamer moves hole-to-hole, capturing candid team photos, sponsor moments, and tournament highlights right where the excitement happens. Guests receive instant digital images they can share to social media, turning every photo into branded exposure for your club and sponsors.

Course-Side Photo Roamer

The Photo Roamer is a mobile, handheld photo booth that brings the camera directly onto the course, capturing candid moments anywhere from the greens to the champion circle that delivers instant digital keepsakes to your guests' phones. Format includes photo, GIF and Boomerang.
